Do not scrub wallpapers with abrasive materials as this could cause the print to be lifted.

Listed below are the solutions that can be used for cleaning.

1. Clear warm water.
2. Mild soapy warm water, then rinse.
3. Light household cleaners, warm water, then rinse.
4. Do not use solvent based cleaning agents, lacquer thinners, nail polish remover, pine oil or cleaning agents containing bleach, which may cause discoloration over a period of time.
5. A cloth or towel should only be used to pat dry (not rub). Do not use manmade (i.e. polyester) sponges.

SUSTAINABILITY

All fibers from sustainable managed forests

Made in plants with ISO 14001 certificates for environmental management

We strive to follow principles of sustainability through all our business activities and the entire process from weaving to production. We print locally to order and only use water-based inks and recyclable bi-products. We regularly research the latest developments in sustainable textile production to ensure we are using all available innovations to reduce the environmental impact of both our production and products.

Makers of original, print-on-demand textiles and wallcoverings.
